draw your own colouring picture

1

print page 2, 3 or 4 (or just all three) of this file

2

connect the points by drawing a line between them – but please note! there are several shapes (round, rectangle, triangle), only connect the points that have the same shape

3

start at point 1, go ahead to point 2, then to point 3, just until you arrive at point 1 again

4

an illustration will be visible – you've drawn your own colouring picture! can you see what it is?

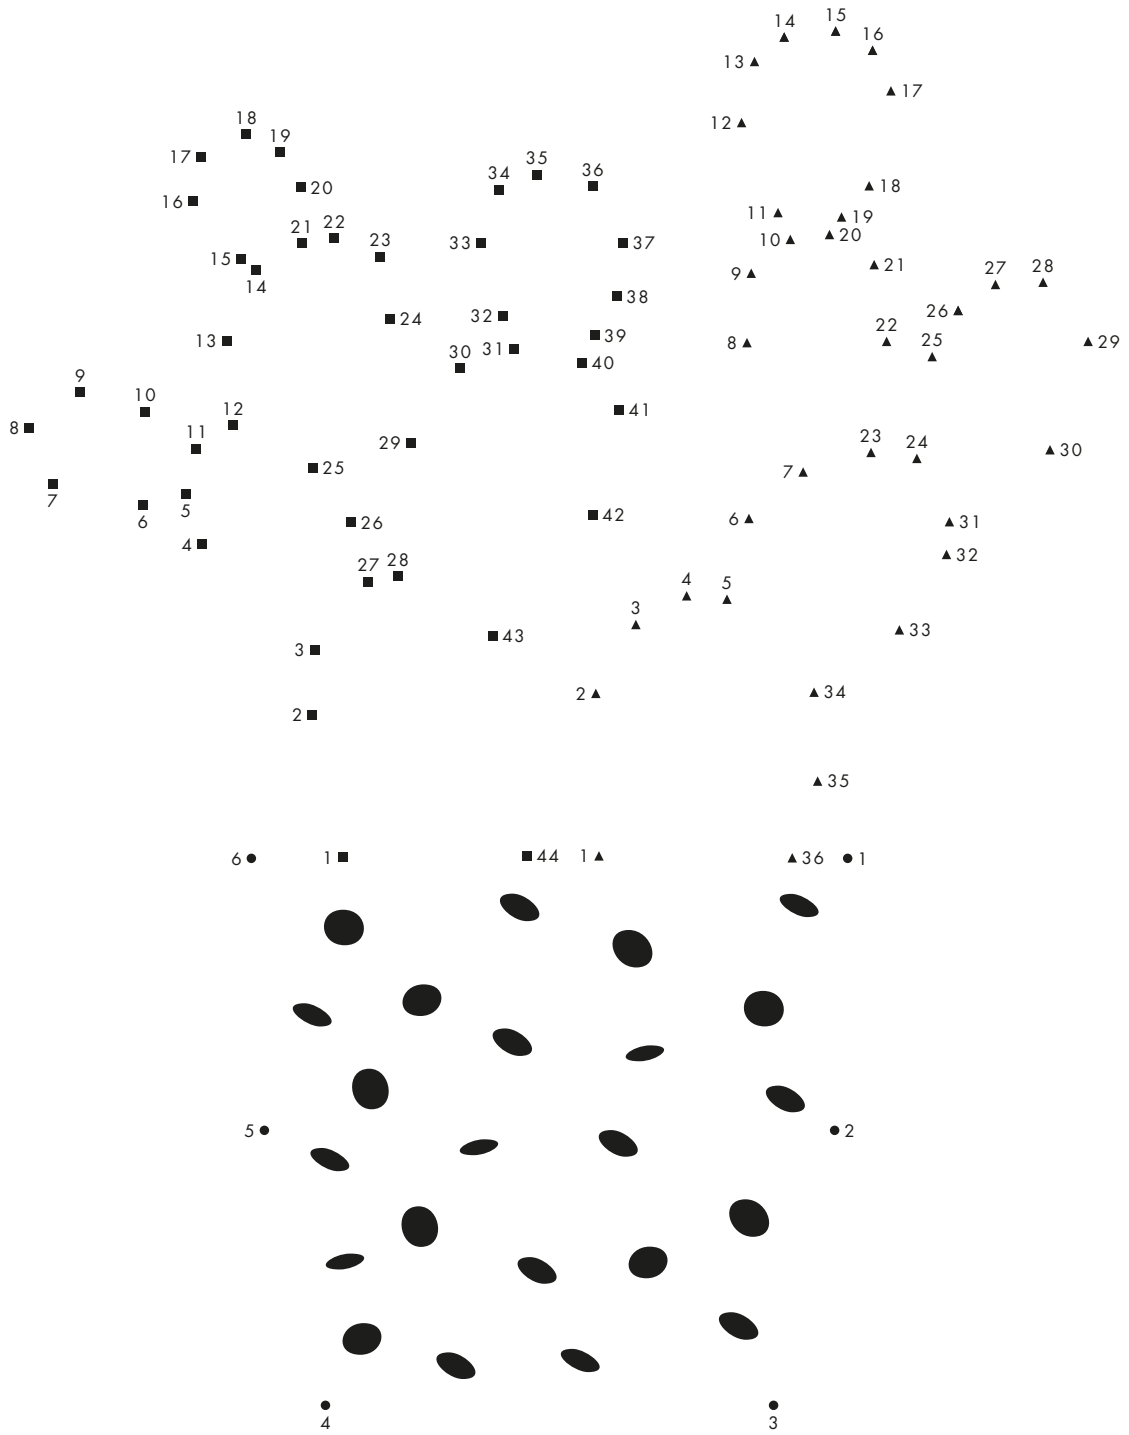

5

give the colouring picture some nice colours!
